1	Could we talk about setting up some co-operative principles whereby we help out eachothers' stuents who would like to complee their studies locally and not travel to their University? I'm thinking we might need to relax rules around accepting in students to a final year and graduating them on 120 credits.	6/2/2020 11:47 AM

## Q3 What one thing could ARC do to help?

Answered: 19 Skipped: 12

#	RESPONSES	DATE
1	Provide space/info on its lobbying activities - so we know how ARC is represented on national groups/activities and provide a 'chat' function where people can search on activity/ ARC feedback etc. and raise thoughts. The info on ARC website only lists two external body representative and I'm sure there is more ARC engagement formally taking place.	6/3/2020 6:43 PM
2	Therapy in the form of sharing ideas and concerns.	6/3/2020 10:26 AM
3	Finding out if others have good ideas or have cracked some of the problems we are facing!	6/3/2020 9:46 AM
4	Campaign for more guidelines on social distancing.	6/3/2020 9:04 AM
5	Some one-hour themed "open sessions" - so say on some of the topics above - where we can just share ideas - at Ac Reg level, so not conflicting with the practitioner groups, but a top level challenges discussion - so similar to your aim of this weeks event, but more often please	6/2/2020 3:12 PM
6	What you already do - keeping us informed so we can take a coordinated, informed by best practice, approach to our work	6/2/2020 12:10 PM
7	Continue providing opportunities to discuss and share issues and best practice.	6/2/2020 11:59 AM
8	Tell OfS and QAA to STOP sending yet more 'guidance' documents out. They are too late, we have already enacted most things and .... they just waste resource ...	6/2/2020 11:51 AM
9	Help us share concerns and solutions	6/2/2020 11:27 AM
10	Continue to share sector practice (e.g. really appreciated the work that Helen Smallbone shared)	6/2/2020 9:57 AM
11	share best practice and initiatives	5/28/2020 5:58 PM
12	sharing experience to be honest in itself would be good	5/28/2020 5:28 PM
13	Continue to share intelligence and good practice	5/28/2020 4:21 PM
14	?	5/28/2020 3:47 PM
15	Be more influential in informing UUK and others direction.	5/28/2020 3:24 PM
16	Possibly some new networks/ support groups that could bring people together on specific topics.	5/28/2020 3:20 PM
17	Continue to create space for discussion - very useful to hear how other institutions are thinking about the challenges we're all facing.	5/28/2020 2:49 PM
18	Discussion on how to deliver elements of the academic year online (freshers', building belonging, induction, timetabling etc)	5/28/2020 2:41 PM
19	Continue to share emerging practice as rapidly as possible - it's really useful to share the pain!	5/28/2020 2:35 PM
